

FIRM Calls for Speakers to Its 8th Business Partnering Event: Regenerative Medicine Crossroad[®] in Tokyo #8

Postponed until Monday, July 9, 2018

Crossroad

A crossroad is where people meet, where discussions start, and where friendships begin. We have organized this event series to facilitate effective networking between those seeking partners or licensees in Japan in order to develop their products or to germinate their technology seeds.

Target Organizations for Speakers

Typically, targeted organizations are clinical development companies or technology seed holders who seek partners in order to bring their products to development or to find licensees in Japan.

Event Structure

This half-day session consists of concurrent oral presentations and multiple one-on-one partnership meetings, followed by a networking mixer at the end of the day.

Demographics

We have successfully accommodated 35 speaker groups and over 700 individuals as attendees over the first seven Crossroad events. The demographics are shown below.

Demographics of RMCR Audience #1-#7

Demographics of RMCR Speakers (Business Field) #1-#7

Demographics of RMCR Speakers (Origin) #1-#7

Outline of the eighth event with updated dates

Tentative date: Monday, July 9, 2018 (JST)

Contact: Fuyuhiko Mori, RMCR Organizer; info-tf@firm.or.jp

Note: FIRM does not guarantee that you will participate in the Event even if you apply for participation as a partner seeker, and it does not guarantee that you will find a business partner during the Event. Please note that the information provided or presented by you in the Event shall not be treated as confidential. Further, you should make sure that you will not provide or present any information that is untrue, incorrect, or misleading. You are solely liable and FIRM shall NOT be liable for any losses, damages, or expenses of any kind incurred by the audiences or partners due to or in connection with any information or otherwise provided by you during the Event. FIRM shall not be liable for any acts or omissions of the audiences or partners. If any disputes or problems are raised between you and the audiences or partners, it is your responsibility to resolve them by yourself.
